TESTIMONIAL STORIES

Developing Strong, Independent Minds

Did You Know - We foster a learning environment focused on independent, critical and creative thought and expression.

A Word from the Greater Community

“Teachers at Westminster School are always excited to see Talmud Torah alumni on their class rosters. As an International Baccalaureate Middle Years Programme (IBMYP) school, our teachers appreciate that Talmud Torah students are well prepared for the rich and rigorous learning environment at Westminster School; teachers report that Talmud Torah alumni care deeply about their learning. One of the expectations of the IBMYP is that students be well-rounded and good citizens; this is another area that Talmud Torah alumni excel in. Talmud Torah alumni are heavily involved in the extracurriculars and volunteer opportunities that enrich our school community. Finally, in addition to arriving with strong family connections, Talmud Torah students have been observed to easily make strong and positive peer connections – a noteworthy trait as this makes the transition to Junior High easier!”
